Reverend Sir

I thank You for Yo.r favo.r of 4.th last month and for all Yo.r kindness of Don Louis. I shewd yo.r Letter to Mr. Tichborne who also thanks you and desires me to acquaint the Dean that she had 5. Guineas for him on acco.t of Don Louis Neither She nor I can with decency speak to any of the first Contributors till after the holydays but I hope the approaching Sessions of Parliam.t and of Tom.s may bring some good Pay.s to town to whom it may be acceptable to be assisted in such Service. Don Louis has put into my hands his Transl.n of the 4. Gospels wch I purpose to Shew to the Rev.d Mr Ainsworth Chaplain Gen.l of Minorca just now arrivd here who I am told Ma.r of the Language. Gov.r Kane sends me word by a Nephew of his that he had recd my Letters of Aug.t and Sept.r in favour of Don Louis and that he would soon answer them by the Post in the meantime he desires Don Louis may diligently apply himself to acquire the English Language wch I hope is a Omen that he intends some provision for him as an English Div.

The Bearer Mr. Belcher is Gov.r Belcher's Son of the Temple and entred in Trinity College where he is honourably the degree of Ma.r of Arts, his inclinations lead him to Study and to Converse with Men of Letters and therefore he has chosen Cambridge for his retreat during the rem.r of this winter to apply himself to the Study of the Civil Law if while here at Cambridge he may have the honour of being acquainted with D.r Waterland I am sure he will very much esteem it and admitting him thereto will oblige

Rev.d Sir

Reverend Sirs

Bartlet's Building
London. 20. Dec. 1733.

I receiv'd yr. obliging Letter of the 13th. Curt. from Dover, the contents of which were very acceptable to the Society, as they gave them assurances of yr. Constancy and Steddiness to pursue the voyage to Georgia you had undertaken notwithstanding the discouragements that happen'd at your first embarkation. This was a confirmation to them of the good Character Mr. Prof. Francke had before given of yr. Zeal and abilities for the Service, you had so laudably devoted yr. selves to, wherein they doubt not but the God who has inclin'd you thus to consecrate yr. Labours to his Glory will continue to guide and support you and not only to the Flock you have accepted the charge of but to the Country where yr. Lot may be cast.

Mr. Ziegenhagen having signify'd to the Society yr. desire of acquiring the English Language in yr. Voyage I was order'd to procure & send to you Mr. Loderig's Dictionary & Grammar printed some years since at Leipsick, I am glad to acq[t] you that tho' they are very scarce I have met with them, and sent them yesterday Morn. by the Dover Coach directed to you at Mr. Minet's. Carriage paid 2/6. My humble Service to Mr. Von Reck and assure him of my best wishes attending you & him, & yr. fellow Travellers, that it may please God to grant you a prosperous voyage to Georgia and his Blessings after yr. arrival

G. J. My humble Service to Capt. Coram.

I have just now a Lre from Mr Urlsperger at Augsburg of the 17th Curt N.S. by wch Mr Schumacher who attended the Salzburghers as their Chaplain to Rotterdam was just then returnd and had left the Ships at Nimuegen laden with Tirolegers in their way to Prussia. From the Contrary Weather that many of them were sick dead or dying

That they expect a large embarkation of 1000 more Salzburghers

County Seminary Clergy minuted down for Cases to depart as

Mr. Urlsperger desire me to acquaint Mr. Von Reck

Madam

Mr Auchmooty the Chaplain of Genl. of
Minorca call'd upon me this Day and gave me an Opportunity
of recommending the Case of Don Louis to him, He says if he speaks
English enough to read Divine Service he may be immediately

help of it in the cheap way of living there till something better fall
I mention this because I hope by Yo. Ladiships Interest with S. Charles
Wager he may be sent away in one of our Men of War early in the
Spring and his Friends here eas'd of the Charge of his Support.

He has finish'd the Translation of the N. Testam.t into the Mineur
Language of which I shew'd the 4. Gospels to Mr. Baxter Auchmooty
but he says the printing of it will be of no Service to Religion because there
are not 6. people in the Island that converse only in that Language that
can read and that the politer People read and understand Spanish very
well, but won't look into a Spanish N. Testam.t that comes from Pro=
testant hands for fear of displeasing their Clergy for though there be no
Inquisition there they see the Terrors of it all 'round 'em & dread going to Heaven
by the compassion of those Fathers. So that encouraging Schools and other
gentle methods seem to be the fairest for opening the understandings of
those who give themselves up to the Guidance of Fathers almost as ignorant
as themselves.

Dear S.r

Yo.r detention at Dover by the contrary winds
gives me once more the opportunity of Saluting you and
Yo.r fellow Travellers. ~~and wishing you & them a prosperous~~

Since my last to you I receiv'd a Letter from Mr. Urlsperger
of the 17.th Curr.t N.S. wherein he desires me to tell you that he wishes you had
had not left Engl.d so transient to have an Acco.t of your Ad=
=vancements on the Saltzburgers from Augsburg to Rotterd.
(and upon reading that to the Society that part of his Letter
to the Society relating to such an Acco.t I was order'd to desire you
would favour them with a Copy of it in that Language
which is most familiar to you; Mr. Urlsperger writes
there are among the Saltzburgers some Proselytes from

the Society hope there are not many such, and desire ym and Mrs. Bolzius & Gronau would keep a watchful Eye over them that they do not by any misbehaviour ~~bring a reproach upon~~ disgrace those who have ~~really~~ sincerely left their Country for the sake of Religion ~~and~~ particularly to have a care of ~~the~~ Wirtenberger ~~Cook~~ whom the Society are inform'd would have imposed upon a Shop=keeper at Dover if you had not prevented him, Said the misconduct of one such Man may do more mischief than the good behaviour of ten honest Men may bring credit to the reputation of the Emigrants.

I am glad to understand by Mrs. Bolzius & Gronau's Letter of the 24th Curt. that they have rec'd Ludwig's Grammar & Dictionary, and doubt not their making the best use they can of them. Our German Missionaries to East India commonly get the English Language in their voyage thither, but I hope your voyage will not be long enough for that purpose, beside the conversation will be mix'd, which on bord an E. India Ship is for the most part entirely English.

The Society hope by Capt.n Coram's and yr. prudence all difficulties with the Capt.n of the Purysburg will be wholly remov'd.

I once more wish ym & yr. Company health & a prosperous voyage and remain

Dear Sr. Yr. most obed. humble Servt.

I recivd your favour of the 22d Currant and this day communicated it to the Society, who have order'd me to thank you for it.

And as there were some particulars in it proper to be known to ye Trustees for Georgia, Mr Vernon borrow'd it to lay before them at their Meeting next Saturday.

Every Body is pleas'd at yr resolution to stay till a fair Wind carry's the Purisburgers out of Dover for some Acadian which your Experience & prudence might soon set right.

Pray let me know in your next whether Mr Van Reck understands English enough to read my Letters without an Interpreter.

You will see by the enclos'd Print that ye Town is not uniformd of what passes at Dover relating to ye Saltzburgers which I find your's to Mr Vernon confirms.

Your observation of a Persecution rising in Saxony was new to the Society, and wish it may not prove true, but the Tyranny of ye Antichrist will not cease without making some extraordinary convulsion in Christendom for which will GOD Almighty will undoubtedly bring Good to ye Protestant Interest.

I wish you a safe return to your Family and Friends and remain

My last was of the 18th Curt since which I receivd 2 of yrs of the 14th Curt & Mr Vals of the same date both which relating to one Subject were this Day laid before the Board and deliberately Consider'd.

The Society have never been informd of any misunderstanding between the Commissary Mr Von Reck and Messrs Bolzius & Gronau &c. [illegible] the contrary has rather appear'd to the

Von Reck's desiring that Orders might be given that the Capt. of the Purrysburg should afford them as good accommodations in the Great Cabbin as the Commissary himself had, which the Trustees for Georgia have taken care of.

Upon receit of Yo.r last Letter I have desired Mr. Von Reck yt still detaind at Dover to send You an Acco.t of his Disburs.ms on the Road to Rotterdam, and of the application of the Money he took up on Acco.t of the Saltzburgers at Augsburg, Franckfort, and Rotterdam.

The Society are not at present in a Capacity to undertake for receiving more than 300. Saltzburgers including those already in their way to Georgia, but in order to encourage further Contributions to do good a Service they are about to publish an Acco.t how the whole that has been already collected has been applyd and to render such an Acco.t more perfect I am ordered to desire You would with Yo.r first Convenience transmit to the Society a particular Acco.t of all the Sums You have disburs'd for the Saltzburgers including the Transport to Roterdam as also what further Engagem.ts You are under on Acco.t of them and the Tirolergers and that You will likewise let the Society know what Sum remains in Yo.r hands.

I have herewith sent a particular Acco.t of the Remittances made to You amounting to £1482: 4. 6. Sterl.g wherein if there be any mistake You will be so good as to rectify it.

I don't find but our Family of Salzburgers at Dover are all very easie under their confinem.t by a Contrary wind, where I doubt not but care is taken to supply all their Wants.

I have by order of the Society sent Ludowig's Grammar & Dictionary in 2. Vol.s each to Messrs. Bolzius & Gronau to enable them to acquire some insight into our Language, so as to be able to converse in it when they come to Georgia.

I shall take care to remit to You the Value of the 5. Medals by the first Opportunity; please to let Mr. Vat know that his friend Col. Valogne is well just returned from Bath where he left his Friend Gov.r Shute well and that we both send our humble Service to him.

The Resolution of the Trustees for Georgia in answer to
that part of Mr. Vat's last Letter from Augsburg of the 7th Curt. N. S.
which relates to the Quantity of Land given to the Emigrants for Georgia
" in the following Words viz. "The Trustees for Establishing the Colony of
" Georgia in America have made no distinction between the Saltzburgers
" and those of the English who went in the first Embarkation and have ever
" granted them better Terms than the English in latter Embarkations.
" The Trustees gave no more 50. Acres for every family to those
" English who went at first, and grant no more than 40. to those who go at
" present. If they give the same Number of Acres to a Single Man
" it is with the expectation that he will marry and have a family.
" They will give 50. Acres to every Single man among the Saltzburgers
" for the same reason. As there is no distinction in the Property
" there will be none likewise in their Rights whether Civil or Religious

To which the Trustee who made the Report adds, That it is
likewise to be observed that the Grant of 50. Acres to every person
who Settles in Carolina or other of our Colonies is to such who
~~transport themselves~~ transport themselves at their own Charge
whereas the Saltzburgers are defrayed at great Expence from Augsburg
to Georgia and are Maintain'd at the Expence of the Trustees for
Georgia till such time as they can get in a Crop from the Land
given them for their Maintenance.

I recei'd yo.rs & Mr. Vat's Lres of the 17.th of last month
& answer'd them the 28.th of Decem.r O.S. only one particular of Mr.
Vat's I could not answer till I had the Direction of the Trustees for
Georgia who have ~~therefore~~ Signify'd their Answer thereto in the
Words above which You will please to Communicate to Mr. Vat.

I have recei'd none from Mr. Vat or You since the Lres
of y.e 17.th last month but this Day Mr. Liegnhagen read before the
Society a translation of y.r letter to him of the 7th Curt. N.S. with
to several particulars of ~~very~~ importance which I am to

to lay before the Trustees for Georgia, to direct an Answer to the Articles wherein they are chiefly concern'd & the same will be done at their next meeting.

The Society were very much concern'd at the Acc.t you give of Mr Vat's indisposicon & will be glad to hear by yr next of his recovery in the mean time I am order'd to desire that you would defray all the Expences of his Journey from Switzerland to Augsburg & during his residence there, till further Orders, there being a prospect of another Transport sometime next Spring in which he may be serviceable, if it plase God to recover him. The Society are very sensible of yr great civilities to him, and thank you for having him into yr House where they hope he will want for Nothing that may be necessary for his recovery the charge of which they desire you will put to their Acc.t as mentioned above.

My last inform'd you of the arrival of the Saltzburgers under Mr Von Reck's care at Dover the 11th Dec.r, I am now glad to acquaint you that after they had been detain'd 4 weeks by contrary Winds, and plentifully refreshed themselves to their entire Satisfaccon, they sail'd the 5th Curt. in the Morn with a fair wind which has continued by God's mercy ever since, so that there is reason to hope they are now far on their Voyage out of the Channel.

I must observe to You that while they were detain'd by contrary winds at Dover. there happen'd several Storms in wch many Ships were lost on the Coasts of England & Ireland, but they escap'd them by being in a good Harbour which 'tis hop'd is a presage of their safely proceeding under God's protection the rest of their Voyage.

Of their reception in England, and their Satisfaccon while they Staid here You will judge somewhat from the authentick Accs given in the inclosed News paper, some extract of wch you may perhaps think proper to publish in Germany as I believe has been already done in Holland.

Mr Von Reck sent a particular Acc.t of his Draughts on you & his Disbursemts on the Emigrants, open to me, to be forwarded to you which consists of several Sheets of paper & shall be sent to you by the 1st convenient opportunity after I have examin'd a Copy of it wth the Translator.

I shall follow yr directions in superscribing any my future Lres.

to you

to you, & desire you will direct all yo.r Lres to me here, but you need not take Notice of my being Secretary to the society for fear of giving umbrage to some people that may maligne our Correspondence

I heartily wish to hear of Mr. Vat's recovery and pray God to give you & him an happy new year & many more to follow this with his choicest Blessings on you & yo.r family, and remain

According to the promise of my last I have sent as above a Copy of the Minute of the Trustees for Georgia relating to

I am sorry it is not in the power of the Trustees (nor of the Society for Georgia) to do that Service for the absent Emigrants. but they will be mov'd at their next Meeting by one of their own Members to send forthwith to Georgia to Enquire what Effects the Emigrants lately gone thither have left behind them in Saltzburg, & to have a proper authority from them to demand those Effects.

I am sorry to find you have not rec'd mine of the 18th. of Dec'r. which gave you an Accot. of the arrival of the Saltzburgers at Dover, their reception there, and of the praises that M. I am ashamd of my negligence in not acknowledg.g the Receit of Several of yo.r kind Letters the true reason of which has been a perpetual hurry in my little Sphere of busines joyn.d w.th the prospect of sending you some Acco.t of yo.r own Affairs that was might be acceptable.

I am glad to congratulate you on the Success of Mr. Jaspers Solicitations for yo.r pay on board the Diamond Man of War though it be w.th some Deduction for as Matters stood it was very dubious whether any thing would ever be recovered.

Yo.r Son grows a fine Boy & I hope is daily improving in Mr. Hueti's School at Hatfield, which is in so flourishing a Condition as to have abt 3. Score Boarders pom London. Mast.r Galpine was so kind as to call on me in the Christmas Holydays when he came to London, but he had so many visits to make that I had only a glympse of him and therefore did not examine him as I generally do about his progress in Learning. I find he has a Sprightly Genius and is beloved in the School.

I am sorry to find by yo.r last Letter to Mr. Jackson that You look on her affairs as desperate, pray continue yo.r good Offices to Serve her and I hope Mr. Peshaile will not be wanting to do any thing in his Power to joyn with you if that be necessary in recovering what you can if it be but half the Debt it will be better than nothing, when you send me an order on Mr. Jasper to receive and pay to her all yo.r Wages on bord the Diamond I was in hopes you was as good as in possession of Effects sufficient to answer her Debt from Sr. Brooks at the news of w.ch she was not a little transported till she receiv'd yo.r last mortifying Letter. Dug. & his Family who are not a little incumber'd by one cross accident or other, and he is once more oblig'd to the Ton in the Dogs, but Lady Torrington still retains Cares of his Lady and the Children.

He has Served me Sometime as a Clerk in the interval of time that he has been on Shore, & therefore I take leave to recommend him to your good advice when he arrives at Jamaica that he may not fall into any ill way for destroying his health as young Strangers are generally apt to do. He has been up in the Mediterranean under S.r Charles Wager and on other Services w.ch have not a little improv'd him for that Sort of Life & any kindness you are pleas'd to shew him I shall think my self oblig'd for.

To the Rt. Rev. the L. B. of Dromore at Dublin

London. 7. February. 1733/4

My Lord

In obedience to yr. Lordships last Letter I have waited on Messrs. Hoare & Company, and Mr. Nathan. Gould & his Partner Mr. Nesbit, who all assured me of their readiness to receive & remit any Benefactions that may come to their hands for the noble design of yr. new Charter, only Mr. Hoare & his Partner Mr. Arnold desired that they might have proper discharges for the remittances they make since they must give receits for Benefactions which they can never call in again, I told em you would have a settled Treasurer whose draughts upon them would be a sufficient discharge as is done in the like case by the Society at Edinburgh when they draw on Mr. Drummond their Treasurer here, with which method they seemd satisfyd if the Society at Dublin would allow that to be a sufficient discharge & declare it under their Seal.

...since my last I have had a conference with Mr. Anderson Secry of our Scotch Society, who thinks yt. incorporating Act of Parliament and Charter will soon outdo in collections what has been done in Scotland, because the Scotch Gent. generally come hither to get Estates, whereas many those from Ireland come here to spend Estates, and will be glad to be tributaries to their own Country in the way you have projected. He thinks the multiplying Re=ceivers of Benefactions will be of no service to you and that as long as one or two well known Gent. or Bankers in or near the heart of this City will fully answr. yr. desires when the design is once publickly known. Mr. Drum=mond the Banker is the only Treasurer the Scotch Soc. have here but every Member is a Solicitor in their behalf who correspond. by whose means about 500. l. one year with another has been remitted from this City during their subsistence for ab. 5. years past, whereas the having more Treasurers or Receivers would multiply accots. and create some trouble to the principal Treasurer at Dublin Edinb. which I therefore submit to yr. consideration;

Mr. Anderson sends his humble Duty to yr. Ld.p & will be glad to receive the present yr. Lordship designs. I gave him a printed Copy of yr. Charter wch he was very thankfull for, and I am sure all the Members of our Society, here for Promoting Christian Knowledge will rejoice at the Success of yr. new Effort for opening the Interest of Popery, and establish=ing the Protestant Interest in Ireland & opening that of Popery. I shall be glad to hear of the result of yr. debates on opening the Charter Yesterday not doubting but what is designed with a pure and true zeal for the Glory of God will be attend=ed with the Divine Blessing. to the Joy of every true Protestant.

By late Advices it is that Rome has triumphed maintain'd

[illegible] agt. all the good sense and reasoning on the Reformation, and I wonder the Protestants have [illegible] so long before they have fallen into the like methods of defending their liberties, as their adversaries have used to ~~destroy~~ them, but the destruction of Antichrist will be the work of God and not of men whenever it is accomplish'd the divisions among Protestants having hitherto hinder'd that harmony which alone is going to reign.

Mr. Butjenter's Journal at Dover.

An Account of the several Occurrences during my Stay at Dover and in my Journey thither.

On the 26.th of Nov.r O.S. having receiv'd Commission from the Honble Society for Promoting Christian Knowledge I entered on my Journey which towards the Even of the 27.th I had finish'd.

After we had been some days at Dover, on the 11.th of December about 10. in the morning we saw the Ship that carry'd the Salzburgers Exiles enter the Port. I with a friend that accompany'd me on some Business (but more especially on acco.t of my ignorance of the English tongue) standing on the Shore near the Ship welcom'd the Salzburgers. The Exiles seem'd very

Melan

melancholy not on Acco^t of any fatigue on their Voyage, but because there were some who told 'em they were carry'd to Georgia in order to be made Slaves of. We had some difficulty to remove those their Apprehensions but at last we effected it. Having thus a little gain'd upon the fears of the Salzburgers, I took home with me the Rev^d Mess^rs Bolzius and Gronau (their ministers) to the house which Capt^n Coram had prepard to receive M^r De Reck who had the Day before left the Ship at Deal and had been to visit us. Then returning to the Ship and finding that there were some sick and some were Infants and that therefore it would be necessary that they should come on shore, I with the leave of Capt^n Coram hir'd one Room in a publick house wherein they might repose themselves and take some refreshment. And now the Salzburgers began to be a little hearten'd and to give credit to our persuasions when they were not only convinc'd by my words and those of their Ministers but by actual experience that their good was wholly consulted. The approach of the Evening clos'd our Interview and discourse of that Day.

On the 12^th Day of Decemb^r in the morning I bo^t for 'em gave the Salzburgers what the Ministers instructed me would be necessary for 'em afterwards I examin'd the Salzburgers whom I found much more chearfull than before. A Dinner was that Day provided them by M^r Coram's direction in the Workhouse where the poor are maintain'd which was a great way thrô several Streets M^r De Reck led 'em, they following in two Companies w^th their Children in their Arms and singing Psalms while I with the other Ministers clos'd the procession. I could scarce forbear Tears at this Sight. When we came into the House where the Dinner was prepard when they were all sit down at Table they sung psalms in praise of the Providence of God. When Dinner was served up after grace said they receiv'd it with all imaginable Thanks to God. acknowledging his Bounty at every mouthful what they left they refus'd to take away saying that they were satisfy'd and that they chose that others that were hung

haveril. They Drank very Sparingly evry one having abot a Pint to his Share tho' many of them refus'd to have ale. We Dind with them in the same House; where after having Sung psalms & Hymns to God I return'd with the Saltzburgers to the said publick House where after having sung standing in the middle of them I preach'd to them from 2. Corinthians. 6. v. 17. 18. which they attended with the greatest Devotion and with Sighs and tears some of them Kissing my hands while I spoke to them. Having finish'd my Sermon and Sung Psalms I distributed the money order'd by the Society for promoting Christian Knowledge, which they received kissing my hands with singular marks of acknowledgement. Some of them at first declining to take so much money. Having converse'd some time with them I proceeded to their Ministers Lodgings with whom I consulted about Settling the form of their publick worship.

This publick worship as near as maybe will be conformable to the Church of England. to wch End I deliver'd to'em German Books in wch are the Forms of prayer, Baptismal rites The Lords supper matrimony and Burial &c.ª....

On the 13. of Decr. in the morning I proceeded to buy things for that were necessary for the Saltzburgers on their Voyage & Examin'd whether the Clergymen's Lodgings were convenient on Ship bord. after Dinner I again visited the Exiles and discours'd with'em upon Religion and faith and I perceived a greater part of them wanted to be more fully instructed in the fundamental ~~Articles~~ Articles of the Christian Doctrine, and being ask'd whether they proceeded on their journey with chearfull Hearts they answer'd that they were willing to go to the uttermost parts of the Earth, That they were children of God. and that God would be with them, I then took my leave of them with Tears in their Eyes. I took also leave of mr De Reck and Mess.rs Bolzius & Gronau who do their utmost to chear up the Saltzburgers this they did in my presence. They likewise performd divine worship by reading and explaining to them Evry morning and Evning the Holy Scripture and concluding with prayers and hymns.

On the 14. Day of Decr. abot 4. in the morning I began my Journey for London by the Stage coach in company of a

of mine Mr Sumner Matthison whose assistance was of [illegible]
both to me and the Salzburgers, w.ch Journey by the grace of God
I finish'd the next Day in the Evening very safely.

Yours Letters of the 4th and 22 of Feb.y N.S have been laid before the Trustees for Georgia and the Society for Promoting Christian Knowledge & both of them observe that the Answer of the Zimbergers to the proposal sent to them by You is not yet known, and therefore till they have received from You the said Answer and a Compleat List of such persons as shall signify their desire to Settle in Georgia they cannot send their further Resolution and Instructions thereupon.

I am ordered to observe to you that the expence of a Transportation of Persons from Germany to Georgia amounts to a much greater Sum than was at first imagind and that a large Sum being placed out in one of our publick Funds viz.t 2000 £. to answer the Salaries of the two Ministers that are lately gone with the Saltzburgers, makes both Societies apprehensive that they are hardly at present in a condition to ~~Suppose~~ transport and Settle so large a Number as 270. persons but they are using their utmost endeavours to raise Contributions for the fulfilling their Engagemt.s of making up the number to 300.

In the mean while it is recommended to you not to suffer any to be put into the List that are not Emigrants from Saltzburg on Acc.t of their adherence to the Protestant Religion, because the collection made by this Society ~~now~~ must be applied solely for their use.

Miles from the Sea; and that care will be taken to fix the poor Zirnbergers, as near as possible to their Countrymen; that the Air is good and the Land high and Dry which was not the Case in Cassant, and therefore the Society are still willing to hope that such of the Zirnberg Families where the men are living and fit for Labour and the undertaking of such a Voyage, will accept of the Offers made them; and that whenever any number of them shall come to such a Resolution, You will immediately transmit to the Society such a List of Persons and Qualifications as you sent me before. They request yr answr to this in as short a Time as possible, because if there be no immediate prospect of Saltzburgers willing to go to Georgia, they shall look upon themselves disengag'd from their former Proposals & at Liberty to receive other persecuted Protestants who have been driven from their Country for their Religion and have actually made application to be sent to Georgia. Dear Sr

I have been w.th the Society for Promoting Christian Knowledge this Day, who are in hopes to hear soon from you how you have Succeeded in yor Application for the poor Saltzburgers &c. It is thought proper to acquaint you that this Society and the Trustees for Georgia have Endeavoured to procure a further No of those Exiles to Settle in Georgia but they have hitherto refused that Offer; and the Archbishop of Saltzburg, uneasy at the Loss of so many of his Subjects, and the War not to breaking out, he has thought fit to use milder methods, for which reasons we do not expect at present any more Emigrants from thence; and being Solicited by several of our poor persecuted Brethren expelled for the profession of the Gospel from the Valleys of Piemont, and who are yet unsettled.

We hope you will not think, that it will be at all wrong in us to apply some part of the money collected for the use of the Saltzburgers towd Settling the other Exiles in Georgia some of the most Considerable of the Contributors in this Town are of this Opinion, and we should be glad of yor Thoughts in this affair. It may perhaps be proper to to Communicate this to yor Brethren the Heads of Houses; if you think it will not any put any Stop to the present Collection.

Our Design in these Contributions is to assist poor persecuted Protestants when we first set about it, those from Saltzburg were the most distressd; whenever they are disposd to accept of yr Offers made to Settle them in Georgia we hope to have money for that use. Till then we think we may receive other Distressd Protestants who have suffered Great Calamities, and are disposd to Settle in Georgia.

I shall be glad to have a Line from you to Lay before the Society next Tuesday and if you have any Doubts, I shall take their Directions to obviate them but pray let nothing that I have said be mentioned to any one, who shall take Occasion to put a Stop to yor Charitable Design, of assisting the Persecuted and distressd Protestants. Dear Sir

I laid before the Society your Letter, and they order me to acquaint you that they have recivd a Letter from M[r] Urlspergers this day who tells them that there is a prospect of more Emigrants from Saltzburgh who perhaps will be prevaild upon to settle in Georgia. This has occasiond the Society to think Seriously of this Affair and continue in their former Resolutions of making Collections for the persecuted Saltzburgers only till they are known no more of these poor people will be drove out of their Country and accept of the offer made them of Settling in Georgia.

The Society therefore beg you would encourage the Collection upon the footing of the Memorial now lying before You, and they will lay it out for the use of the poor Sufferers.

You will therefore be so kind as to acquaint the Dean with the reason of the Society's still keeping to their former Engagem[t] of settling a further N[o] of Exiles of Saltzburgh in Georgia as soon as ever they shall be desirous of going thither.

The Society thank You heartily for your kind Intentions towards the poor Saltzburgers and doubt not but they will soon hear of the Success of your Endeavours for their Relief.

I am Your most Aff[t] & most obliged
Humble Servant

This Day the Bp. of Ely at Ely house pronounced Judgment on the long depending Cause between D.r Bentley & the Sen.r Fellows of Trin.r Coll.e That the Plaintiffs have made Legal proofs of D.r Bentley's dilapidations — Bonorum Collegii & other arbitrary proceedings in violation of the Statutes of that Foundation, & therefore as he shod answer it to God at the great Tribunal he was bound in Duty to declare him deprived of being any longer Mast.r of Trin. Dear Mr. Arch Deacon.

The Enclosed Letter from Mr. Fillard will reconcile the advice he gave Yesterday w.th y.e Notice you had from yo.r City Friend.

I have made out y.e Acco.t you desired, but comparing it with the Acco.t of Disbursem.ts I find it wants 20. odd pounds of Ballancing wch I impute to an overcharge of some Articles belonging to 1727. wch happen'd to be blended w.th those of 1720. for if you remember Mr. Hoare's Acco.t for both those years was not audited till Jan.y 1728/9. because y.e Disbursem.ts & Benefa. in 1727. were so inconsiderable as not to be thought worth while to trouble the Auditors so that if you add abo.t 20 £. to the Acco.t of Disbursem.ts I left Yesterday & 45. £. to this Acco.t of Benef. now sent, it will make about 1709. £. and may be call'd an Acco.t of Receits & Disbursem.ts for 7 years past and then y.e Medium Communibus annis will be abt 244. 2. 7. which is Submitted to yo.r Consideration. by

I receiv'd yr letter of the 13th Curt. and immediately sent it to Sr John Philipps who seem'd not a little surpriz'd at Mr Pedrit's further expectations from him after the very liberal assistance he gave him at two times amounting to several Guineas before he left the Town, and when I wrote to you the 7th of Febr. last, as I had no commission for it, I don't find that I mention'd perhaps=ming Sr John would maintain him there at Bath but that he would be willing to contribute to the expence of his going thither if upon yr. answr. to my Inquiries Mr Pedrit could make it practicable by the help of his friends to subsist himself there and indeed I always thought he would not set out to so expensive a place where he was so great a Stranger till he was secur'd in that point, which I my self told him more than once he ought not to think of going thither till he was sure of assistance and that there was good reason to believe it was proper to use the Baths in his Case: The latter he told me Dr Cheyne had advis'd him to and the former he said several of his friends had promis'd him their assistance, some of which he heard and desir'd me to reconcile him to any that I knew, but

I to

I told him plainly that my Sollicitations for Charity were limitted to the Designs of ~~any Masters~~ the Society and that I could not aff[or]d a private object, without De=-priving my self ~~of the opportunity~~ of that time. of serving them, who had the first claim to all my Services. If Mr. Henry Hoare Mr. Slare, Mr. Daniel Dolins Minister of Mr. Claypole &c who knew his Uncle W. Boehm were living, thought ~~perhaps~~ on the Score of his relation to him have been very kind, but I knew of none of our Society now living except S[r] John Philipps (who had already been a liberal benefactor to Mr. Pedarit) of all Mr. Boehm's acquaintance.

However S[r] John ~~could~~ to put an end to all future expectations been so kind as to from Mr. Pedarit has sent me two Guineas to be remitted to you to reimburse you the ½ Guinea you have lent to him, and desires you would ~~of Mr. Pedarit himself~~ apply the rest for his Service in the best manner you can, letting him know at the same time that this contri=-bution is the last he is to expect from him, for S[r] John never imagin'd that by his former charity to him at the desire of Mr. Schover he should be drawn in to maintain him, much less was it his intention when I wrote to you by his order that you should have a burthen laid upon you of more than giving yr. advice as you kindly did, and I believe S[r] John to whom I sent yr. letter shew'd it ~~to him~~ to Mr. Pedarit, that he might not flatter himself with expectations of subsisting at Bath by any thing but money or credit carry'd from hence.

I shall remit you the 2. Guineas abovementioned upon yr. order to

S[r] John Philipps and his eldest Son return their compliments to you & if the latter had not been out of town this had gone frank to you, he being chose for Haverfordwest by a great majority.

If Mr. Stud[t] Stanley be at Bath, and good Mr. Boehm was known to him I dare upon recommendation, he would be kind to this Stranger, as he has to many others.

I thanke you for the accot. of yr collection, which I hope will be augmented by Princess Amelia. You could not have desir'd better Patrons than General Wade & Mr. Hoare to hold the Basons. I am glad to understand the latter is elected for Salisbury.

You may if you please in my name recommend Mr. Piderit's case to Mr Hoare's charity whose good Father in regard to Mr Boehm, would I am sure had he been living, have been very kind to him.

If Mr. Piderit recover's his health he will not I hope stay longer at Bath than is necessary. he miss'd a fine opportunity of getting into the ffn of Orange's retinue while he was in Engl. by the want of his health, but if he is wise Providence will take care of him.

To the Revd Mr A. D. Donne

21. May 1734.

Dear Mr A. Deacon.

I will transcribe yor words and then the amendts of the Commee last Tuesday by which you will judge of their alterations.

You said — so that the Society have been oblig'd to apply 233. pounds to this use out of the Interest due on Mrs ~~Eliz~~ Elizabeth Palmer's ~~Legacy~~ most generous Legacy of 4000. £. left by her to the General Designs of the Society in 1728.

These words are printed Pag. 6. at the end of the Second ~~Paragr~~ paragraph. and the words scord were interlin'd by ord^r of the Committee on the alterations you propos'd.

In Pag. 9 after the words N^o IV. You advis'd — So that nothing more need be added to what has been already said under each Branch of them excepting this that Mrs Palmer's is still preserv'd entire the Committee objected to the last words because they thought it was not fact, since the reduction from 3^l. Sea Annuities to 3^l. Sea Stock and therefore ordered me to add in the room of those words Legacy and the int. of it only will be applyd from year to year &c. The printer himself when we corrected it objected to the place of y^e word only as implying the application of both principal and Interest in such manner as it is not at present wanting.

I am

I was very tender of deviating one tittle from the Amendments of the Comm.ee to y.r Amendments but knowing their Sense to be that only the Interest of the it was to be applicable to the unforeseen wants, he might put only before of it instead of after it for which the Committee expung'd the words is still preserv'd intire it was not considered whether the word only affected the Interest only or both principal & Interest whereas I was sure by my apprehension of the Sense of the Committee that they meant the Interest only, to be so applicable as you have mention'd & I believe therein you and the Committee were agreed However if there is any thing you think grosly amiss I will venture upon consulting those who were present to stop the Impression to be alter'd as you would have it, if it be not too late.
